TECHNICAL SPECIFICATIONS

All products of our company are designed to provide the best possible safety for children, according to the European safety standards and the highest possible resistance.

They are made of solid baked beech wood & composite wood MDF with upholstered beech lining.

We only use water based colors & varnishes.

All furnitures have rounded corners and edges for children's safety.

Under the treads of tables and chairs we place special self adhesive rubber pads for silent movement and floor protection.

*Colors and their combinations
are not just a decorative
element, but they have an
effect on the body, the
thought and the emotion of
the child!*
